Donn,

We did receive the public meeting notice for the September 22nd San Jacinto River Waste Pits meeting. Unfortunately I am not able to send anyone this time. Please encourage community members/stakeholders that have health or public health assessment questions for DSHS to call or email:

Tina, does TDSHS plan to attend this meeting in Highlands. You should have received a copy of the Announcement last week. If so, could someone from your agency serve as a resource for the Q&A session following the panel presentations.

Thanks.
